

caribou\_semaphore\_new

```
graph LR; A[caribou_semaphore_new] --> B[malloc]
```

A diagram showing a call from the function `caribou_semaphore_new` to the function `malloc`. The `caribou_semaphore_new` box is shaded gray, and the `malloc` box is white. A blue arrow points from the right side of the `caribou_semaphore_new` box to the left side of the `malloc` box.

malloc
