

CARIBOU::CByteArray

```
classDiagram
    class CARIBOU_CString["CARIBOU::CString"]
    class CARIBOU_CByteArray["CARIBOU::CByteArray"]
    CARIBOU_CString --|> CARIBOU_CByteArray
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a gray-shaded box labeled 'CARIBOU::CString'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'CARIBOU::CByteArray'. This indicates that 'CARIBOU::CByteArray' inherits from 'CARIBOU::CString'.

CARIBOU::CString
